

Las Cruces, NM – Last week, Harry Teague visited the North Mesa Senior Recreation Center in Carlsbad to meet with area residents and discuss local issues. He also spoke to residents about their concerns and answered questions about how his office can assist them with federal agency issues, including Social Security and veterans benefits.

“My office can provide important assistance to senior citizens that have questions or concerns about Social Security, Medicare, or veterans benefits. I want to make sure they know this is available to them, and I want to hear directly from them what the biggest concerns are around these issues,” Harry Teague said. “In these economic times, we need to make sure our seniors are taken care of by preserving programs like Social Security and making sure that they are receiving the benefits they are entitled to.”

Harry Teague has hosted an unprecedented number of public, constituent-focused events across southern New Mexico, holding over 110 public forums, and hosting Community Casework Resource Workshops across the district that give residents the opportunity to meet directly with representatives from various federal and state agencies and get more information on how his can help with federal agency issues. He has returned to the district nearly every weekend to meet with constituents and host community outreach events, in addition to opening 6 Congressional Field Offices and hosting dozens of Staff Mobile Office Hours throughout southern New Mexico.
